

# Ring size *guide*

Print this page on A4 with scaling set to 100%. Then match the inside of your ring with one of the circles below. That way, you will know which size fits you best. Your ring size can vary per ring style. Please keep this in mind when ordering the 'stackable rings,' for instance.

For accurate results, please *measure* this line after you print the guide.

## OPTION 2

Cut out the ring sizer, and make a slit on the dotted line. Pull the end of the ring sizer through the slit and wrap the ring sizer around your finger. Make sure that it's pulled snug, and choose the size closest to the slit.

## *Useful tips*

- If the ring falls between two sizes, order the larger size.
- Measure your finger in the evening so your ring will be comfortable after a typical day of activity.
